

Designing for Dissemination Implementation and Sustainability (D4DI&S) Learning Hub

VA

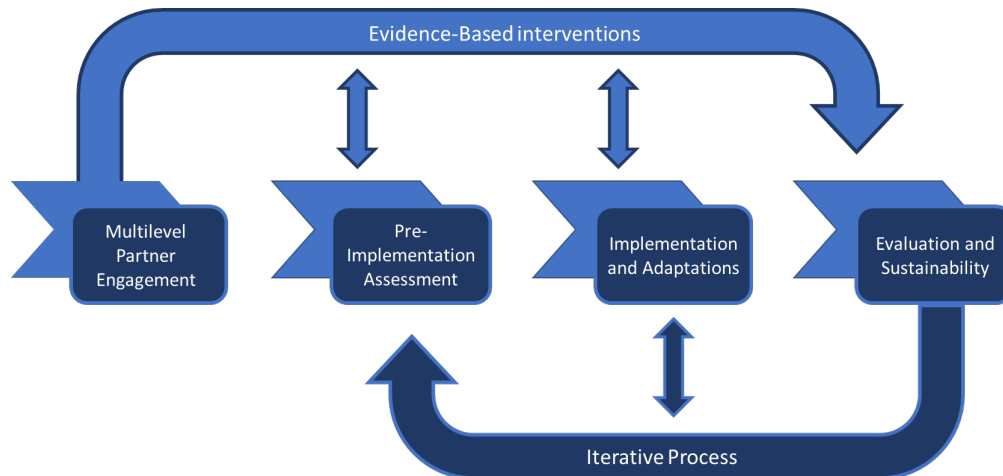

U.S. Department of Veterans Affairs
Veterans Health Administration
Quality Enhancement Research Initiative

What We Offer

The **Designing for Dissemination and Implementation (D4D&I) Learning Hub** was developed to promote learning health systems by increasing the knowledge and skills of those who are ready to disseminate and implement evidence-based programs across diverse clinical settings and Veteran populations.

Our multicomponent implementation strategy bundle combines methods that help participants consider the influence of multi-level contextual factors in diverse implementation settings. In turn, trainees will be able to design, disseminate, implement, and sustain evidence-based programs that improve acceptability and adaptability with these contextual factors to increase the widespread adoption and clinical effectiveness.

The multicomponents of D4DI&S are:

Features

Asynchronous Learning

- Access to four private videos and supplemental material:
 - Module 1) Multilevel Partner Engagement
 - Module 2) Pre-Implementation Assessment
 - Module 3) Implementation and Iterative Adaptations
 - Module 4) Program Evaluation and Sustainability
- Chat and Q&A forums will also be available through the website.

Synchronous Learning

- Bi-weekly mentoring Virtual Learning Collaboratives (VLCs) through Microsoft Teams and/or Zoom video.

Designing for Dissemination
and Implementation
QUERI Training Hub

VA Quality Enhancement Research Initiative
EVIDENCE INTO PRACTICE

About Us

The D4DI&S Learning Hub is funded by the VA Quality Enhancement Research Initiative (QUERI). D4DI&S targets the adoption, implementation, sustainment, and scale-up and spread of an effective practice or innovation. Our faculty members are experts in Dissemination and Implementation theories, models, frameworks, methods, and measures that support implementation of evidence-based practice in real-world settings.

Who should take this training?

VA clinicians, staff and leaders, research investigators, early career awardees, and fellows who are ready to disseminate and implement an evidence-based programs.

Faculty

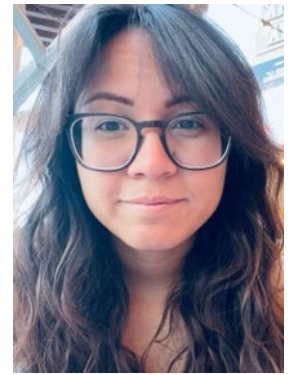

Cathy Battaglia, PhD,
RN, FAAN

Marina McCreight, MPH

Heidi Sjoberg, MSW,
LCSW, CDIS (Certified
D&I Scientist)

Deisy Vega Lujan,
BS, BA
